30th ANNIVERSARY

The Church Sings On

The Methodist School of Music (MSM) seeks to support the worship life of the Church. In 2027, we celebrate 30 years of ministry. Much has changed in that time. Yet the Church sings on.

Our programmes in worship foundations, worship leadership and music skills equip those who serve. This, in turn, nurtures congregational singing and helps God's people sing with understanding. When worship leaders and musicians choose, lead and accompany the Church's songs with a deep understanding of worship, singing becomes more than music-making. Through our singing, the faith of the Church is proclaimed, remembered and lived.

Explore our 2027 programmes in the next few pages. Enrol now! May we serve well and lead well.

We look forward to meeting each and every one of you at MSM in 2027!

MUSIC THERAPY

Music Therapy

Led by a credentialled music therapist. For support in areas such as:

- Communication and social interaction
- Emotional development and self-regulation
- Motor and cognitive skills
- Confidence and self-expression

Music Learning Support

For neurodivergent learners interested in developing musical skills in a supportive, adapted environment.

Finally found a music school where my son, who has dyslexia and high energy can learn music...the music therapist is patient and creative and able to match my son's energy while engaging him and meeting him at his level during class. He used to hide under the piano bench and stomp on the pedals, now he gets to stomp on music pads when he needs a movement break. My son enjoys lessons and says "it's not boring".

MUSIC TRANSFORMS LIVES
